STUDENT TESTIMONIALS

I love everything about Stanley College, from the trainers, to facilities to student support. The best part about my course is the Work Based Training. As part of my Certificate III, I was given the opportunity to work at PCEC (Perth Convention and Exhibition Centre) where I worked alongside other chefs who taught me good work ethics and habits whilst working in an industrial kitchen. My trainer in particular would give us tips and shortcuts making sure that we are equipped with proper methods and techniques.

Yosephine, Indonesia
Commercial Cookery

I chose to come to Perth because some of my friends were already here. I like studying at Stanley College because the teachers and classmates are really nice to me. The classrooms and facilities are very new and modern here. After my English course, I will continue my studies into the Diploma of Business. Once I complete my studies, I would like to work with a travel company. Stanley College is a good school and I would recommend to my friends.

Chi Kwai, Hong Kong
General English

I decided to study at Stanley College because it was highly recommended by my friend. I love their campus in West Perth as it is modern and big. The best things about my course are the practical classes and the trainers. They are very friendly and always happy to assist me with everything. Once I finish my course I will be confident and qualified to go back to Italy and continue my career in Early Childhood Education.

Sara, Italy
Early Childhood Education and Care

I am currently studying the Australian Computer Society Professional Year Program at Stanley College and my learning curve has been great. The program has allowed me to be familiar with the Australian work setup and I feel more confident about my career prospects in the ICT field. Coming to Australia as an international student, it is quite challenging to immerse into the local job market as a fresh graduate. This program gives room to improve the skills needed to find employment which otherwise is not possible. One of the best things about this program at Stanley College is the guaranteed internship, so that you can be equipped with both theoretical and practical sides to fit into the Australian job market.

PRACTICAL VENUES FOR COMMERCIAL COOKERY and HOSPITALITY COURSES

THE CULINARY WORKSHOP

As the official training venue for Stanley College hospitality courses, The Culinary Workshop is open to the general public and has two commercial kitchens and a restaurant on campus. This provides students with a distinct advantage as they can develop and improve their cookery, management, customer service and other skills in a real work environment.

PRACTICAL TRAINING AT THE PERTH CONVENTION AND EXHIBITION CENTRE (PCEC)

The Perth Convention and Exhibition Centre (PCEC) is Western Australia's only purpose-built conference, exhibition, and meeting space. The convention centre has six multi-function exhibition pavilions, a theatre with 2,500 capacity and a ballroom with stunning views over the Swan River.

Stanley College and our students are given exclusive access to undertake their practical training in the convention centre's commercial kitchen.
